Exhibit No. 11-A	1987 Nielsen Report on Devotional Programs.

REBUTTAL OF CHRISTIAN TELEVISION CORPORATION

In reviewing the transcripts from our last meeting, I can appreciate the Tribunal's task in looking at the evidence and to decide from that evidence what each claimant is entitled to.

In this rebuttal, Christian Television Corporation will re-examine the evidence presented by both sides, and hopefully, present a clearer picture that will aid the Tribunal in making their decision.

SETTLING DEVOTIONAL CLAIMANTS EVIDENCE  
THE MPAA NIELSEN STUDY

In their opening statement before the Tribunal, counsel for the Settling Devotional Claimants stated that the evidence they were presenting was based on the Special Nielsen study. And in the transcript of his testimony, (pp.49-50), Dr. Clark reaffirmed this by saying the Settling Devotional Claimants were not relying on the five (5) criteria at all, but on the Special Nielsen study. Even though the Tribunal has stated in 51 FR, 12793, that in accordance with past procedures, they take evidence based on the five (5) criteria to aid their decision-making.

In 54 FR, 16154, the Tribunal states:

"...although the Nielsen study is the starting point, it is obvious from our Phase II decisions that the awards have never been based upon a strict application of Nielsen figures."

In 51 FR 12817, the Tribunal reiterates:

"The Tribunal does not rely on the data as the sole means of making its royalty distribution."

The Settling Devotional Claimants are basing all their evidence on a study in which, by their own admission, they question the validity of its methodology. (See Transcript p.6).

In past proceedings, the Special Nielsen study has come under considerable criticism, not only by the Settling Devotional Claimants, (See 51 FR 12802-03), but also by NAB: (51 FR, 12800 & 12815-16; 52 FR 8418; 54 FR 16154), Multimedia: (51 FR 12815-16; 52 FR 8417-18), and other claimants listed in these same Federal Register notices.

But it is the Tribunal's own criticism of the Nielsen study that seems to give the Settling Devotional Claimant's evidence little credence.

In the 1983 cable distribution proceeding, the Tribunal criticized MPAA's decision not to include in it's Nielsen study certain types of programs...including programs on specialty stations. (51 FR 12817 and 52 FR 8416). I have found nothing in the evidence or testimony presented by the Settling Devotional Claimants that proves to the contrary. While MPAA did include a few specialty stations in past studies, including WPCB, which carries some CTC programming, I saw no evidence of any inclusion of specialty stations in their study for 1987. Most of the stations which carried CTC programming in 1987, had a program format consisting of 1/3 or more religious programming and were not included in the Nielsen study. We agree with the Tribunal's statement in 54 FR 16154:

"The basic criticism advanced by critics of the Nielsen study is that for small claimants it can be capricious."

MPAA/NIELSEN STUDY - SIX RATINGS CYCLES

At various times throughout the two days of testimony in October, the Settling Devotional Claimants asserted that some of their programs appeared on WOR. In reviewing the six rating cycles of the Special Nielsen study, only two of the Settling Devotional Claimants six programs aired on WWOR: the 700 Club and Oral Roberts. Neither of those two programs aired during all six cycles of the Nielsen study. The 700 Club does not show up in the survey after the July rating period and Oral Roberts disappeared after the May rating period.

In Dr. Clark's testimony, (Transcript p. 58, lines 4-8), he implied that the PTL Club continued to air on the Los Angeles station, (listed in the Nielsen study as KHJ), between November 1 of 1987 and January 1, 1988.

According to the Special Nielsen study, the PTL Club aired from January through May, 1987. It does not show up in the study after that. Of the 13 stations listed as carrying that program, 12 stations, (92.3%), did not carry the PTL Club beyond the February rating period. The Nielsen study does not show the PTL Club being carried by any of the 13 stations in the 1987-2 accounting period. (See CTC Rebuttal Exhibit No. 1 ).

700 CLUB / NIELSEN STUDY

The Special Nielsen study indicated only 21 of the 119 distant stations carried the 700 Club. Of the 21 stations, 7, (33%), were not included in the Nielsen survey after July.

Just slightly more than half of the stations, (57%), carried the 700 Club during the full six-cycle rating periods. (See CTC Rebuttal Exhibit No. 2).

ORAL ROBERTS / NIELSEN STUDY

The Special Nielsen study listed 36 out of 119 distant stations carrying Oral Robert's program. Of the 36 stations, only 8, (22.2%), carried the program during the full six-cycles.

Only 9 of 36 stations, (25%), carried the program during 5 complete ratings cycles from Feb-Nov., 1987. (See CTC Rebuttal Exhibit No. 3).

OLD TIME GOSPEL HOUR / NIELSEN STUDY

The Special Nielsen study listed 26 of the 119 distant stations carrying OTGH. More than 65%, (17 out of 26 stations) did not carry OTGH the full six-cycle rating periods.

Eight of the 26 stations, (30.7%), were not shown as carrying OTGH in the January and October cycles. (See CTC Rebuttal Exhibit No. 4).

RICHARD ROBERTS / NIELSEN STUDY

Only 9 out of 119 stations in the Special Nielsen study were listed as carrying Richard Roberts. Five of the 9 stations (55.5%), did not carry the program during the full six-cycle rating periods. (See CTC Rebuttal Exhibit No. 5).

IN TOUCH MINISTRY / NIELSEN STUDY

Only 3 stations out of 119 were included in the Nielsen study which carried ITM.

Only 2 of the 3 stations carried ITM the full six-cycle rating periods. (See CTC Rebuttal Exhibit No.5-B).

NIELSEN REPORT ON DEVOTIONAL PROGRAMS

Christian Television Corporation's written Direct Case included CTC Exhibit No. 8, the Nielsen Report on Devotional Programs. The Exhibit gave attention to the six programs claimed by the Settling Devotional Claimants, and the percent of each program's decrease in the marketplace from Nov. '86-Nov. '87.

The Settling Devotional Claimants have implied that the Nielsen Report on Devotional programs was not a report on distant signal carriage. (See transcript p. 75, lines 20-22). Although it is true that it does not consist totally of Distant signals, when comparing the MPAA/Nielsen distant stations with those carrying the Settling Devotional Claimants programs in the Nielsen Devotional Report, the majority of the MPAA/Nielsen distant stations were included and showed definite audience decreases.

For example, the Nielsen Devotional Report of the 700 Club included 80%, or 17 of the 21 distant stations shown in the MPAA/Nielsen Study.

I took the top 4 of the Settling Devotional Claimant's programs and their distant stations from the MPAA/Nielsen, and compared the stations Total Households/Total Adults viewing numbers for the Nov. 86-87 rating period in the Nielsen Devo-

tional Report. The results are shown below as CTC Rebuttal Exhibit No. 6.

**November 1986-87**  
**COMPARISON OF MPAA/NIELSEN STATIONS**  
and  
**THE NIELSEN REPORT ON DEVOTIONAL PROGRAMS**  
(Audience Measurement of Total HH/Total Adults)

Program Name	No. MPA Nielsen Dist. Stations	No./ Nielsen ROSP	% of Same Sta.	% Change Total HH	% Change Total Adults
700 Club	21	17	(80%)	-18.3%	-42.8%
PTL Club	13	12	(92.3%)	-34.4%	-23.1%
OTGH (Falwell)	26	24	(92.3%)	-17.3%	-41.6%
Oral Roberts	36	35	(97.2%)	+ 9.0%	-21.1%

The above figures for the distant stations measured show a downward trend in viewing by Total Adults and Total Households with the exception of a 9% increase in Total HH by Oral Roberts.

**CTC's Response to SDC Cross-Exam Exhibits 1x & 6x**

These exhibits would have been useful had all the reporting information been available for 1987-2. In his testimony, Mr. Larson, who is the expert in the cable data field, stated that since the data was not complete for 1987 it would be more accurate to use 1987-1 or 1987-2, whichever is greater.

(Transcript p. 146, lines 16 - 22).

CTC Rebuttal Exhibit No. 7 is an updated comparison of the Distant Systems which carried CTC programming in 1986 & 1987. I used 1986-2 which is the most complete information, and 1987-1 or 2, whichever figure was greater. Cable Data Corporation provided the update report on November 9, 1989.

The results show that CTC had a 47.8% increase in full-time distant subscribers, and increased 18.1% in total number of distant systems. If you add the part-time distant system carrying KTBN, the additional increases are reflected below:

510,686 Dist. System Subs.
+ 20,922 P.T. "
<hr/>
531,608 Dist. System Subscribers in 1987
-345,393 " " " in 1986
<hr/>
186,215 additional Dist. Subscribers = 53.9% incr.

39 Distant systems
+ 1 P.T. "
<hr/>

40 Distant systems in 1987
-33 " " in 1986
<hr/>

7 additional Distant systems in 1987 = 21.2% incr.

CTC Rebuttal Exhibit No. 7-A shows a 22.7% increase on Form-3s.

#### PRIME TIME CARRIAGE

CTC Rebuttal Exhibit No. 8 is an analysis of percentage of Prime Time broadcasting carried on distant signals attributable to the stations carrying the six programs of the Settling Devotional Claimants.

Settling Devotional Claimants Cross-Exam Exhibit No. 3x, attributed 88.2% of prime time CTC carriage to WCLF. The aforementioned CTC Rebuttal exhibit shows that CBN-owned KXTX in Dallas attributed 100% of the 700 Club's prime time carriage between February-November, 1987 of the MPAA-Nielsen survey.

#### FEE GENERATION

Regarding fee generation, the Tribunal has declared in 51 FR 12802:

"It is accurate to say that we have rejected fee generation formulas as a mechanical means toward making our allocations, but we have also consistently held that our distributions are based on all the relevant data presented before us, including the amount program types

were carried and the degree to which cable systems were willing to pay for them."

In response to the above statement, CTC's programming was carried by 21.2% more distant systems in 1987 while the Settling Claimants have continued to decrease in the market-place. Dr. Clark emphasized in his testimony that PTL was being dropped "steadily" in 1987. (Transcript p. 57, lines 14 - 22).

The amount of CTC's programming is almost double those of the Settling Devotional Claimant's combined. In 1987, CTC never paid to have any of its programming air on any broadcast station or cable system. Everyone of the six Settling Devotional Claimants had to pay thousands of dollars to have their program aired. WCLF will provide program contracts to prove this if an objection arises.

Dr. Clark stated in his testimony before the Tribunal that "the primary method" to get the 700 Club on stations was to pay for the time. (See Transcript p. 55, lines 2-5).

CTC presents more variety in its programming by providing the nation's only live daily Christian program for senior adults, the only live late-night, nation-wide, Christian Talk/Variety program in America, plus two unique childrens programs, one which is a multi-award winning program and elicits more than 2000 letters per month from viewers. (See CTC Rebuttal Exhibit No. 9).

We also provide unique teaching programs by Dr. Ron Cottle, as well as music programs and informative interview programs.

CTC also provides the only weekly, award-winning nation-wide program in America for the single adult population.

CTC has presented our case before the Tribunal to the best of our abilities. We hope we have given you clear facts to aid you in your decision-making. Should it be necessary for us to appear before you in another Phase II proceeding, we will at least have gained considerable knowledge from the effort we have put in during this proceeding.

Thank you and Happy Thanksgiving.

RE: CRT Docket No. CRT 89-2-87CD

Dear Mr. Chairman:

Transmitted herewith to the Tribunal are one original and five copies of the Christian Television Corporation's Rebuttal case.

CTC wishes to express our thanks to the Tribunal for allowing us a few days extension in preparing our Rebuttal. Thank you and have a Happy Thanksgiving.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Kennedy".

Robert T. Kennedy  
Director of Cable Relations
